Welcome to barbershop harmony!

Our organization consists of more than 28,000 members throughout the United States and Canada who sing barbershop harmony. We are divided into 16 geographic districts each subdivided into local chapters who meet weekly to sing and enjoy barbershop harmony. As the world's largest singing fraternity, we feature many ways to enjoy barbershop singing, from chorus to quartet.

You will find opportunities to engage in administrative activities, charitable work and fellowship unlike any other you have ever known.

The New Member packet contains songs published by the Society that we all enjoy singing.

They're fun, easy and familiar to most men. Just learn one part, find three other men (you'll need a tenor on the top line of the treble clef, a lead or melody singer on the second line, a baritone on the top line of the bass clef, and a bass on the bottom line) and let the four part chords that are so unique to our style begin to sound.

Get started now and enjoy one of life's greatest experiences:

Singing barbershop harmony!

We know you'll like it. We're sure you'll want to learn more about our Society too. We encourage you to join us as we "Keep the Whole World Singing!"
