SIMPLY BARBERSHOP

The Baylander Chorus presented their annual Cabaret Show at the Stadium View on October 11th. The guest quartets included Super New, Something Old Something New and Jukebox. The show featured many of the standard songs sung by most barbershop quartets and choruses. These songs are commonly called pole cat songs which means that any barbershop singer can feel comfortable singing his part with any other barbershop group world wide. This is what makes barbershop music a universal language across nations.

NEW THIS CHRISTMAS

In past years the Baylander Chorus shared the music of Christmas to patrons in nursing and retirement communities in the green bay area by boarding the Tannenbaum Express. This year we hope to bring the joy of Christmas to more places by

dividing the chorus into smaller groups to sing at more places in the community. We hope to then gather at the mall to share the holiday season with the mall shoppers. Stay tuned to the website www.baylanders.org for

upcoming information.

Tag Time

Last Monday I stayed after the rehearsal and sang some tags. I discovered that this was a fun time singing with others. You are able to hear yourself and match pitches with others in a unique way. I improved my confidence in my ability to sing on pitch and match voices with others. To me that is what Barbershop is all about.
